Data protection

Personal data is collected in accordance with the Data Protection Act 1998. The information supplied on this form will be retained by the Association for the duration of your membership only. You will be responsible for updating your details. The Association will not share your personal details with any third parties.

Your details will be made available to other members on a contact database to facilitate networking (this database is available to members only). Opt out

Your details will be used by the Association in order to keep you up-to-date with news and events, primarily via periodic newsletters sent to your email address. Opt out

Code of Conduct

As a condition of membership of the Association, individual members are required to declare a commitment to the Association's Code of Conduct. The Association reserves the right to withdraw membership of any signatories whose actions are considered to be inconsistent with the Code of Conduct.

Individual members of the Association shall:

1. Uphold and promote the carbon management profession;
2. Exercise honesty, impartiality, diligence and objectivity in their professional work;
3. Support and promote resource efficient sustainable action that reduces climate change risk and challenge unsustainable action;
4. Work to, and promote, high standards and best practice in the carbon profession;
5. Ensure that professional judgment is not influenced by a conflict of interest. Members shall make all relevant parties aware if such conflicts exist or arise;
6. Acknowledge limitations of competence and not undertake work which is known to be beyond their professional capability;
7. Develop and maintain standards of professional competence and knowledge through a combination of training, learning and practical experience and through the support of others;
8. In giving advice, make the relevant person(s) aware of the potential consequences of actions;
